

# LAWTON ELEMENTARY SCHOOL

101 PRIMARY WAY • LAWTON, MICHIGAN 49065

Tuesday, March 17, 2020

Good Evening LES Families,

As the situation with the COVID-19 coronavirus is rapidly evolving, I wanted to take a moment to update you with details on how we plan to move forward in the coming weeks. We will proceed with a strong focus on what is best for the health of our students, staff, and community, and to continue the learning process. As hard as it is to imagine this learning happening at home, I know that as partners in the success of each child, we will be able to make this time away from school valuable.

We are planning to mail 2<sup>nd</sup> trimester report cards later this week. Within that mailing, you will find your child's report card and a Tic Tac Toe homework. There will be an incentive for students who return to school on April 13<sup>th</sup> with their homework complete and their reading calendar finished. If you received a letter indicating that your child has recently been placed on an Individual Reading Improvement Plan, we are sharing their Read at Home Plan electronically with you and will be mailing their Individual Reading Improvement Plan with their report card. Please see the links below for a list of activities that you can do at home to support your reader. If your child is NOT on an Individual Reading Improvement plan, feel free to use the links below as additional ways to support your reader at home.

[2-3 Read at Home Plan](#)

Our LES staff has been working diligently to create extended learning activities for all of our elementary students. Each grade level has created additional learning packets as well as online learning opportunities to assist with the learning process. You will be hearing from your child's teacher soon regarding their plan for partnering with you on this home learning journey. We are excited about the resources we have compiled to keep your learners on track. Below you will find our LES learning resources sorted by grade level, as well as a couple digital resources that I found to be helpful.

Please do not hesitate to reach out if you have any questions. Teachers will be checking their email daily and corresponding with students through their normal classroom apps. We are hopeful that we will be seeing our LES students at the current scheduled return on April 13<sup>th</sup>. Stay healthy and be safe!

Sincerely,

Heather M. Olson  
Elementary Principal
