

LAWTON ELEMENTARY SCHOOL

101 PRIMARY WAY • LAWTON, MICHIGAN 49065

Wednesday, April 22, 2020

Good Evening LES Families,

We are excited to share our Continuity of Learning Plan with you. Our teachers have worked very hard to create a learning plan that will meet the needs of every student. Each week your child will get a learning plan that will include all of the assignments, activities and information needed for the week. The weekly learning plan will be posted on the [LCS Learning Portal](#). Your child's teacher will also post a link to this weekly learning plan using Google Classroom and/or Class Dojo. There will be opportunities for your child to connect with their teacher virtually, through the class app, and also through email weekly. Please reach out to your child's teacher if you have any questions or need support while you are working on the assignments each week. We will also be providing packets of the assignments for those that requested a paper packet. These packets will not need to be returned to the teacher. If your child is struggling to complete this work please reach out to the teacher so that they can assist you in creating ways for your child to be successful. Completing this work and communicating with your teacher on a regular basis is essential for your child to be successful next year. Attendance for communication regarding learning will be taken during the week. Your daily participation in learning and weekly communication with the teacher will be our way of assessing your child's needs moving forward. At the end of this year we will be considering the participation in this learning plan and the communication with your child's teacher as we promote students to the next grade level. The partnership in this continued learning is going to be a key in the success of our LES students.

If you have asked your child's teacher for a device for your family, we will have devices ready for pick up at the elementary. **Device pick up will be on Friday, April 24th from 11:30-12:30 pm, Monday, April 27th from 11:30-12:30 pm and 5:00-6:00 pm.** This pick up will be located at the elementary bus loop area. Please drive up, stay in your vehicle, and someone will be there to assist you in signing out your family device. **Please bring your own pen for the sign out process. Library books can also be returned to the elementary during the device pick up times on Friday and Monday.**

If your family was in need of weekly **paper packet materials, they will be available for pick up in the elementary bus loop area on Friday's from 8:00-4:00 pm.** If you are unable to make it during that time, weekly packets will also continue to be available in the packet bin at the entrance of the elementary school.

We are currently working on the best way to get your child's personal belongings from the classroom to you safely. You will hear more information on this process next week. We have created learning plans that can be completed with very few materials. Your child will need paper, pencils, scissors, crayons, and possibly a writing notebook. There will be a box of donated school supplies located with the packet pick up materials for you to take if you need them.

Thank you for your continued support and patience! As always, feel free to reach out with any questions.

Sincerely,

Heather M. Olson
Elementary Principal
