Good Evening LES Families,

We cannot believe that the 2019-2020 school year is coming to a close. It has been our priority to ensure student safety and continue the learning with our students during this school closure. It has not been an easy task and was only possible because of the support and partnership we have had with parents and guardians. Our goal was to make this difficult time a positive experience for our students and families. We are sad to end this year in such a different way than we ever have! It makes us incredibly sad to know that we won't see our LES students in the classroom, as we end this school year. We are once again hoping that we can keep this end of the year process as positive and memorable as possible!

To close out the school year we are looking at the remote learning participation from each student. If you have not connected with your child's teacher, please make sure to be in touch with him/her this week to discuss the learning that has taken place during the closure. This communication is very important as we begin to work on placing and promoting students in the next grade level. School materials for your child are still available in the new temporary office located on E 3<sup>rd</sup> St. Please email me if you would like to set up a time to get those items. There is also a black library book return bin located next to the packets. This is available for you to return library books at any time. Due to the uncertainties of what will be allowable for summer activities, we have decided to cancel our summer Jump Start program.
