

# LAWTON MIDDLE SCHOOL

100 BLUE PRIDE DRIVE • LAWTON, MICHIGAN 49065

3/16/20

Good Afternoon Parents and Guardians,

As you are fully aware, students will not be returning to school until April 13th due to the government mandate and Spring Break. At Lawton Middle School we are fully committed to the safety of our students and community. It is vital that we follow the recommendations of the CDC and other experts by practicing social distancing. The staff at Lawton Middle School believes that it is very important that students maintain their current level of academia.

The staff has prepared work for the students to finish while school is closed. There are two ways to access these materials. One way is through Google Classroom. Students will need to sign into their google account using their Lawton email account. Next, the student should go to [classroom.google.com](https://classroom.google.com) to access their grade level. Students will then need to open their specific grade level classroom. Once they enter the classroom they may click on the "Classwork" tab and then click on their teacher's name to access their work. If a student needs his/her password reset, they may contact our IT department at [helpdesk@lawtoncs.org](mailto:helpdesk@lawtoncs.org). The other way that work may be accessed is by picking up a packet at Lawton Middle School tomorrow. The building will be open from 8:00am-3:00pm on Tuesday, March 17th. There will be two tables located in the foyer where the packets can be found. One table will contain only math work specific for your student while the other one will have every other subject matter. Packets will be divided by grade level. You are more than welcome to pick up a packet and other materials from your child's locker.

Parents, it is imperative that you are involved in your child's education during this time. It will be important for our students to have a daily schedule that includes a set time to work on their materials. Please help our students with the work as much as possible. Our teachers will be checking their email at least once per day so that if you or your child have a question; email the teacher and a response should be received within 24 hours. I know this is a less than ideal way to educate our students, but I want to commend the Middle School Staff for their dedication in preparing content for the next three weeks. Once again, our top priority is the safety of our students. Please listen to the professionals and practice social distancing for the time being. Please remain caring for others and hopefully we will have our students back in the building after the mandated closings are done. Stay safe and healthy!

Sincerely,

*David M. Williams*
