

# FEBRUARY STUDENTS OF THE MONTH

## High School Students of the Month:

**Leandro Garcia-Licon:** I saw a huge confidence change since he started my class back in December. Started out very timid, unsure, but was willing to work. That simple willingness to train hard, listen to instruction, take in the teaching, and the strength to get out of his comfort zone has paid huge dividends. Through his discipline and desire, he truly developed his mental resolve and physical strength. Very impressed with his character and work ethic. Leandro is enthusiastic about his academics. He is always the first one to get to work, the first one to ask an intelligent, clarifying question, and the first one to help someone else.

**Ilyana Rivas:** Ilyana did a great job making sure she got her work done well and on time. She asks questions when needed and will help her friends if they need the help! Ilyana was a good student at the beginning of the tri, but she really flipped a switch as we reached the last couple of months and became outstanding. She began volunteering for roles in class, helping others around her when they were confused, and always turned quality work in on time. She also was incredibly respectful to me and her peers.

## Middle School Students of the Month:

### **Charlotte Welburn; Daughter of Mark and Lesley Welburn**

Charlotte always comes to class with a smile and positive attitude. She shows responsibility by remembering her materials, studying for tests, and turning her work in on time. She is ready to learn something new every day! Charlotte offers help to her peers on assignments or practice on the whiteboards. She is also very helpful in the classroom by putting her quiet signal up while I ask the class to quiet down. Charlotte respects others during group work time by kindly guiding her peers, waiting for everyone to catch up, and compromising ideas. We love having Charlotte in class!

### **Aaron Johnson; Son of Matthew and Melissa Johnson**

Aaron has been a joy to have in the classroom. He is a very motivated student, consistently going above and beyond the efforts expected. In Math, Aaron has been a huge asset and a big help for other students that need the extra assistance. He is smart, respectful, caring, and consistently meets all of our R.O.A.R. expectations. Whether Aaron is working individually or in a small group, he is always putting forth his best effort. So with all of Aaron's positive qualities he has shown here at Lawton Middle School, it was without question, he was nominated by his teachers as our February Student of the Month.

**\*\* more on next page \*\***

**Adrian Topash; Son of Michael Topash and Jessica Winston**

Adrian is such a nice young man! He is always respectful towards other students and staff. He is quiet and listens well to instruction. He works hard on all of his assignments. Adrian often asks good questions to help understand how to better complete assignments, participates in class and offers great answers and explanations to help the class gain understanding. He is great about helping other students if he finishes early, assisting them without just giving them the answers. Adrian is cheerful and kind and gets along with everyone. He is a student we can count on to always do the right thing. For these reasons, we

are pleased to announce Adrian as our February Student of the Month!

**Jayla High; Daughter of AJ and Molly High**

Jayla High has been awarded Student of the Month for her exemplary dedication and commitment to academic excellence. Jayla demonstrated remarkable initiative by willingly embracing the challenge of enrolling in a higher-level math class, displaying a commendable eagerness to expand her academic horizons. In addition to her coursework, Jayla proactively sought out tutoring sessions to ensure her understanding and mastery of the material. Jayla's tenacity, resilience, and commitment to academic excellence truly make her a deserving recipient of this prestigious recognition.
